

Statement of Achievement

Kenji Jaculbia

has successfully achieved student level credential for completing the JavaScript Essentials 1 course, provided by Cisco Networking Academy in collaboration with OpenEDG JavaScript Institute.

The graduate is able to proficiently:

- *Understand the syntax of the core JavaScript language that allows for working with variables, operators, flow control, and functions.*
- *Understand the basics of the JavaScript data types system, distinguishing between primitive and complex types.*
- *Think algorithmically and can analyze a problem using a programmatic conceptual apparatus.*
- *Choose a data type adequate to the problem being solved and use suitable flow control means.*
- *Design, develop, and improve very simple JavaScript programs.*
- *Interpret and handle basic exceptions related to errors in program execution.*
- *Understand a programmer's work in the software development process and the role of fundamental development tools.*
- *Understand how a program is interpreted and executed in an actual computer environment, local or remote.*
